VISITING DELEGATION AND WORKERS

VOLUNTEERS FROM SIMUNYE FOUNDATION HARD AT WORK!

WHAT 'S UP AT 3 SISTERS?

A delegation from the German-based Simunye Foundation, which provides for most of the school carers salaries, visited our center and helped out with improving our perimeter fences. Thanks for the great work and coming to see us!

We have also put in place a new work-for-fee scheme by which unemployed parents- -who cannot pay our school fee and provide lunch- -will provide free-of-charge work for Three Sisters and receive a certificate of acknowledgement.

Thanks to Mrs. Schulz from Camps Bay who donated a fitted kitchen in perfect condition, which can be used in our container.

Last but not least, we are very excited to start a new vegetable garden project with the help of the NGO Root-to-grow, headed by Pieter Strauss, a grandparent from St Martini Kindergarten, which successfully applied for funding with Spar. The project will help us provide our children with healthy nutrition as well as develop their knowledge of plants. Many thanks to Pieter and Corinna of St Martini Kindergarten!
